Subject: Upper Columbia River site

Hello all. The Lake Roosevelt Forum Steering Committee is inviting EPA to speak at a public meeting to discuss the Upper Columbia River site investigation findings and next steps. The date they have set is 9/18.

Please let me know if you are available to participate/attend the meeting. I look forward to working with the EPA team on this outreach opportunity.

Public meeting

When: September 18, 2002

Time: late afternoon/early evening (will let you know of specifics as I hear more)

Where: Colville, WA

NOTE: EPA folks are invited to a "boat tour" the following day, 9/19.

Andy Dunau of the Lake Roosevelt Forum will keep in touch with Judy Smith and I regarding the planned meeting and suggested topics to focus on. Some examples from Andy are; SI findings, CERCLA process and the Management Review Team process (formerly Regional Decision Team).

Thanks. - Monica
